

## LAB EXERCISE 3

### Part 1: Customize the design by adding CSS to the base HTML

1. Given the following markup, your final result should look like the image below

```
<nav>
<ul>
<li><a href="/">Home</a></li>
<li><a href="/about">About Us</a></li>
<li><a href="/products">Our Products</a></li>
<li><a href="/contact">Contact Us</a></li>
</ul>
</nav>
```

Home

About Us

Our Products

Contact Us

2. Given the following markup, your final result should look like the image below

```
<ul>
<li>I am small</li>
<li>I have more content than the very small item.</li>
<li>I have lots of content. So much content that I don't know where it is
all going to go. I'm glad that CSS is pretty good at dealing with situations
where we end up with more words than expected!</li>
</ul>
```

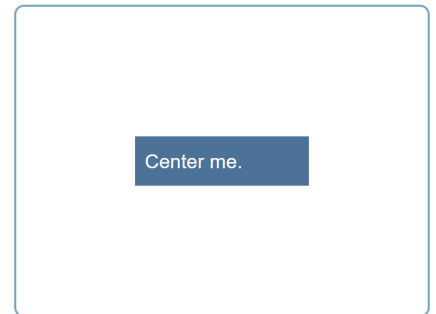

I am small

I have more content  
than the very small item.

I have lots of content.  
So much content that I  
don't know where it is all  
going to go. I'm glad that  
CSS is pretty good at  
dealing with situations  
where we end up with  
more words than  
expected!

3. Given the following markup, center the child inside the parent

```
<div class="parent">  
  <div class="child">Center me.</div>  
</div>
```

4. Given the following markup, your final result should look like the image below

```
<ul>  
  <li>Turnip</li>  
  <li>greens</li>  
  <li>yarrow</li>  
  <li>ricebean</li>  
  <li>rutabaga</li>  
  <li>endive</li>  
  <li>cauliflower</li>  
  <li>sea lettuce</li>  
  <li>kohlrabi</li>  
  <li>amaranth</li>  
</ul>
```

**5. Use CSS to create the following “Facebook style” button**

A rectangular button with a solid blue background and white text that reads "Button Dark".

Button Dark

- a. Change the padding of the button to 10px
- b. Change the background color of the button to “Facebook blue” (#4267B2)
- c. Change the text color of the button to white
- d. Change the border thickness of the button to 1px
- e. Change the border radius of the button to 7%

**6. Use CSS to create the following “Facebook style” button**

A rectangular button with a light blue background and gray text that reads "Button Light".

Button Light

- a. Change the padding of the button to 10px
- b. Change the background color of the button to aliceblue
- c. Change the text color of the button to gray
- d. Change the border thickness of the button to 1px
- e. Change the border radius of the button to 7%
